ART PARIS 2024

For its 10th participation in Art Paris Art Fair, Galerie Bacqueville presents a group show looking back at the artists and works that have marked the last ten years - in terms of their intrinsic force, be it aesthetic, poetic, engaged, etc. -, thus retracing the history linking the gallery to its collectors. This year, more than ever, Galerie Bacqueville orchestrates a rigorous exhibition, with works by David De Beyter, Julie C. Fortier, Delage + Olson, Raphaël Denis, Thomas Devaux, Norman Dilworth, Marc-Antoine Garnier, Grisor, Pascal Jounier Trémelo, Aurélien Maillard, Theresa Möller, Tim Plamper and Jan van Munster. The gallery works in close collaboration with the artists to ensure that these historical and museal pieces are in harmonious dialogue with each other, while retaining their individuality and depth.
